Public Comments: Unique custom home of Jim and Peg Filson on landscaped lot by 7 Points. Many of the materials in the home were obtained from buildings around the lake before the new lake was built. Built by Allansville Planing Mill, the kitchen features cabinets made from barn boards. Several rooms have floors made from local barns - white pine and hemlock. Dining room has shutters from the Crown School House. The foyer banisters feature spindles from the States barn. The living room has a stone fireplace, with stones from the Tom Zooks barn (dated 1860) and others in the area. Mantles on both fireplaces from Carrie White's barn. Walnut paneling. The lower level family room has barn boards from the Westbrook barn. Exterior is West Coast Redwood. Lot has fruit trees, swing set, in-ground pool.
